## Delta Programme studies

- 100 project number
- ▽ project location

## Second Flood Protection Programme (HWBP-2)

- 500 project number
- △ improvement to dyke, dune or dam
- ▽ improvement to engineering structure
- dyke section
- ⇒ Weak Links on the Coast project

## Room for the River

- 600 project number
- project location

## 2016-2021 Flood Protection Programme

- scheduled dyke improvement project (201-275)
- pre-financed dyke improvement project (351-372)
- dyke section
- General expropriations:
  - Piping (321)
  - Wadden Sea dykes (322)
  - Central Holland (323)
  - Macro-stability (linked to project 202)
  - Foreshores (324)
- Meuse agreement project (331-346)
- ⇒ Engineering structures pilot (381-386)

## Further elaboration of area around the major rivers (NURG)

- 700 project number
- △ project location
- Meuse projects: Grensmaas and Zandmaas**
- 800 project number
- project location
- Other projects**
- 400 project number
- project location
- ✳ WaalWeelde

## Repairs of stone cladding in Oosterschelde and Westerschelde

- 900 project number
- ..... stone cladding
- ◇ deposit location
- Sand replenishment location**
- beach nourishment
- beach nourishment completed
- shore face replenishment
- shore face replenishment completed

## Status per project: plan phase as of 2016

- not yet entered plan phase
- study
- exploration
- plan elaboration
- realisation
- completed

## Basic map

- freshwater
- saltwater / brackish water
- flood area
- area outside the dykes
- urban area
- docks
- border
